

ENROLMENT AND ADOPTION: REMIT

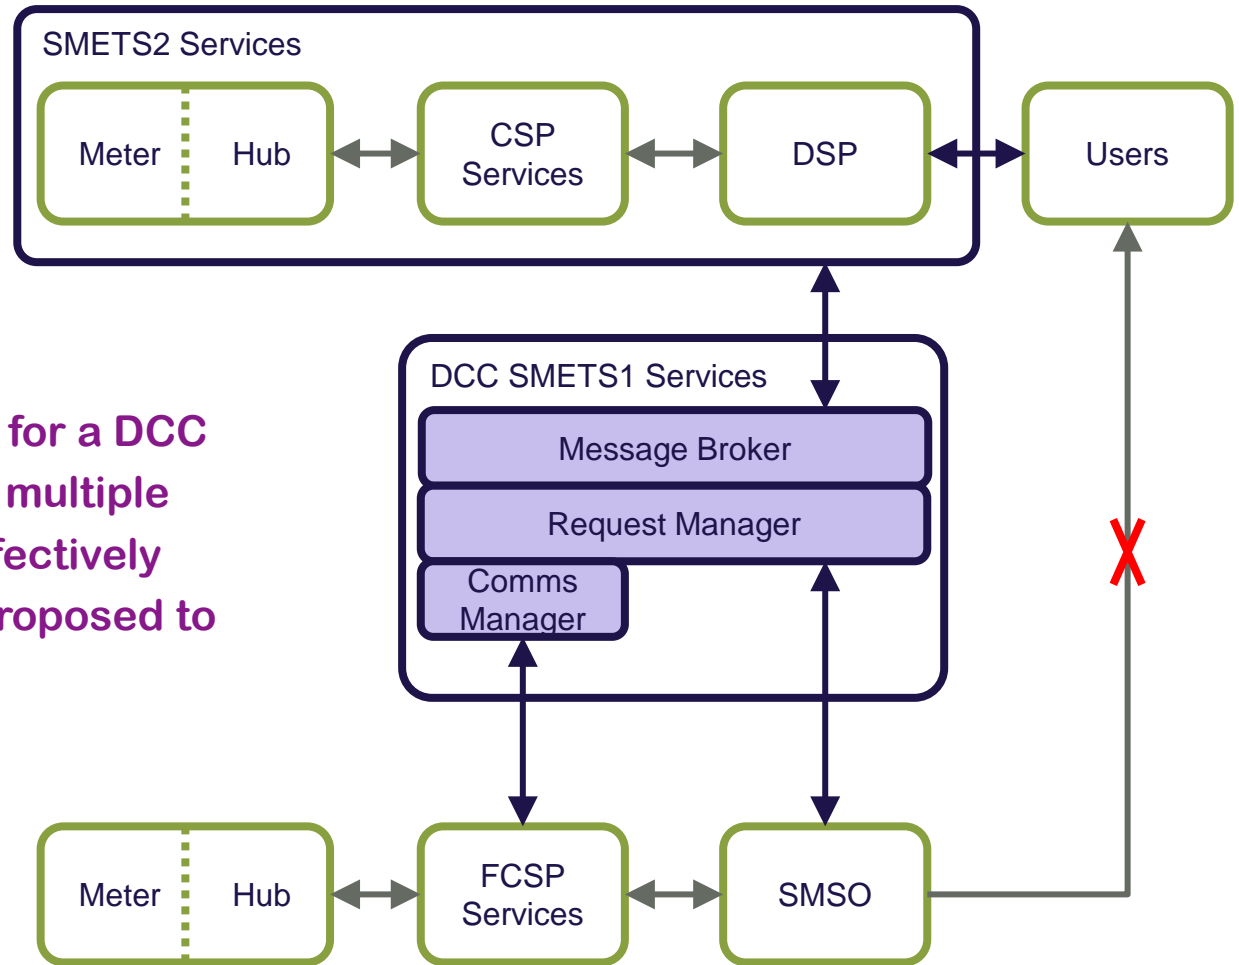

To explore all options to enrol and adopt SMETS1 meters in a way that enables policy objectives:

- Consumer ability to switch Suppliers without losing smart functionality
- Protect Supplier return on investment in SMETS1

Enrolment must be achieved in a way that does not pose a risk to the core DCC infrastructure.

SUPPORTING MULTIPLE ENROLMENT PATHS

A candidate logical design for a DCC SMETS1 solution supports multiple enrolment paths to cost effectively Enrol all SMETS1 meters proposed to DCC by Energy Suppliers.
