1. Statement on the Value of D_{MIN}

The concept of D_{MIN} was introduced within V4 of the Migration Scaling Methodology on 4 January 2021.

Section 4 of the Migration Scaling Methodology described how the current value of D_{MIN} is published on the DCC website from time to time.

This statement confirms that, since 4 January 2021, the value of D_{MIN} is 100 SMETS1 Installations per day.
