

Annual Outage Plan Update for 2025-2026

**We believe in making Britain more connected,
so we can all lead smarter, greener lives.**

Context

The first Annual Outage Plan was issued in March 2023, with the annual outage plan for the following financial year (Apr23-Mar24, Apr24-Mar25). This document refers to the Annual Outage plan for April 2025 through to March 2026.

Areas of focus are as follows:

- BCDR dates avoiding 'winter' months
- To provide extra support with Price Event activity, with longer change freezes to support
